

## Scope of Work:

Contractor is to provide lawn care treatment service during a four (4) year term for all locations listed. The purpose of the service is to provide a pristine resting place for Tennessee Veterans who have chosen Tennessee State Veterans Cemeteries as their final resting place.

## Contractor Requirements:

1. All employees will maintain professionalism at all times.
2. Employees will sign-in with the front office upon arrival and sign out when treatment is complete.
3. Provide a work schedule based off of the recommended treatment schedule listed and maintain schedule as specified with the exception of inclement weather. The schedule will be revised in the event of inclement weather without additional costs to the cemetery and will be discussed prior to new date for scheduling conflicts.
4. No chemicals shall be used and/or applied without prior approval from the Cemetery Director. All chemicals to be used must be registered with the Department of Agriculture, Plant Industries, State of Tennessee (TIFRA, Section 43-8-106). MSDS sheets will be required and the chemical MFG can provide recommended training and instruction on the proper use of each product when applicable.
5. Contractor must be licensed with the State of Tennessee.
6. Contractor will service treatable area only using the acreage outlined in attachments A, B, C, D.
7. Ability to accommodate more acreage if additional sections open up in the future.
8. Service schedule will include on an annual basis through the term of the contract and as needed by the cemetery:
  - **Early Spring**
    1. Fertilizer application
    2. Broadleaf weed control application
    3. Crabgrass control application
    4. Pre-emergent weed control application
  - **Late Spring**
    5. Fertilizer application
    6. Broadleaf weed control application
    7. Crabgrass control application
    8. Pre-emergent weed control application
  - **Early summer**
    1. Fertilizer application
    2. Broadleaf weed control application
  - **Late Summer**
    1. Fertilizer application
    2. Broadleaf weed control application
  - **Early Fall**
